

SESSION 6 ASSIGNMENT

Employment Coaching and Recruitment Workshop

One Competency Interview Practice

Student Name		Group Code	
--------------	--	------------	--

Your Task
Practice one competency-based interview question with an AI tool, then write a final STAR answer based on a real experience.

Complete the task in 3 steps:

1. Choose one competency: Problem Solving, Client and Stakeholder Communication, Ownership and Accountability, Working Under Constraints, or Learning and Adaptation.
2. Ask an AI tool to give you one interview question and exactly two follow-up questions. Answer using a real experience from study, training, a project, or a group activity.
3. Use the feedback to write your final STAR answer. Keep all details true and clearly state your own contribution and result.
