

SESSION 5 ASSIGNMENT

Kickstart Your Freelance Profile

Create Your Freelance Profile

Student Name		Group Code	
--------------	--	------------	--

Your Task

Create or complete one real freelance profile on the platform you selected, using a clear professional title, client-focused overview, relevant skills, keywords, and your portfolio.

Complete the task in 3 steps:

1. Create or update one account on a suitable freelance platform and complete the main profile information.
2. Add a professional title, client-focused overview, relevant skills and keywords, a professional photo, and your portfolio or work samples.
3. Review the profile for clarity and completeness, then copy the public profile link. Do not submit your password or any private login information.
